

DIEGO RAFFA

PROFILE

Last year I finished my 1 Year in HNC UX Design & Front-End Development at the Dublin Institute of Design. Before I did a 10 Weeks Course in Web Design at the same College. I did also several courses on Udemy and Scrimba. I am doing the Tech Degree in Front End Development at Treehouse at the moment I'm currently seeking an opportunity to start a new full-time, part-time or even internship in Front-End Development. I have some Project on GitHub (link below) and a Portfolio Website as well.

EDUCATION

Techdegree in Front End Development by Treehouse

Jan 2020-in progress

Build real-world projects

Develop the skills professional developers use every day and complete 9 challenging projects.

In the process of creating these projects, I will build a portfolio of examples to showcase my talent to potential employers.
